2024 Stuart A. Kleit Symposium

Renal Roadmaps: Transitions in Kidney Disease

Friday, November 8, 2024

502 East Event Center
Carmel, Indiana

NATIONAL KIDNEY FOUNDATION® of Indiana

Dear Friends,

The Medical Advisory Board of the National Kidney Foundation of Indiana, Inc. (NKFI) is planning the **2024 Stuart A. Kleit Symposium**. The symposium is a one-day conference designed for kidney professionals and their professional associates. This year's symposium is being offered as a **hybrid** event with both in-person and virtual options. **NKFI is requesting your participation in the symposium by providing an educational grant or sponsorship or being an exhibitor.**

The symposium will be held **Friday, November 8, 2024,** at the **502 Event Center in Carmel, Indiana.** By providing information about the latest developments and needs within the renal field, it is the NKFI's hope to improve the quality of care for all kidney patients. Our speakers are recognized experts in their fields from across the United States. The theme for the Kleit Symposium is ***Renal Roadmaps: Transitions in Kidney Disease*** and will feature topics such as

- *Growing Up: Transition from Pediatric to Adult Kidney Patient*
- *Sexuality and Kidney Disease*
- *Navigating the Transplant Journey: Challenges & Solutions*

We expect 85-120 participants including physicians, nurses, technicians, dietitians, and social workers. The symposium is pending joint accredited through the National Kidney Foundation for 6.25 CEU's.

Your support will allow us to provide continuing education at an affordable cost to attendees while presenting an effective educational program that develops the skills of medical professionals. It will also allow you to reach healthcare professionals throughout the state with information about your company's products and services.

Enclosed you will find details regarding participation levels and benefits for your consideration. We look forward to partnering with you for the 2024 Stuart A. Kleit Symposium.

Sincerely,

Deepak Jasuja, MD, FCCP, FASN
Stuart A. Kleit Committee Chairman

Margie Evans Fort, MPA
CEO, National Kidney Foundation of Indiana
